

PS 26 Patricia M. Noonan Family Physical Education Week

March 13, 2023 - March 17, 2023

The Special Education Department partnering with Patricia M. Noonan School would like to invite family members to Physical Education Week. Please join us and participate with your child during their scheduled Physical Education Class. Classroom Teachers will provide more information on your child's Physical Education day and time. We hope to see you there!

*When the **whole family** is more physically active **together**, **everyone** benefits from helping to maintain a **healthy weight**, **reducing stress**, and **lowering the risks of heart disease and other serious conditions**.*

As a community let's decrease these scary health risks together, and

STAY ACTIVE & PARTICIPATE!
